b. Principle Report

Talked about Showcase Feb 4. Also the importance of getting in the course selection for next year so the staff can form a schematic of the next year. Was asked about 30hrs work experience needed for grade 12, tied to the Capstone Project, not being mentioned much to students, would look into it. Wants to increase the interaction with students, safely, as Covid has created a lot of isolation.

c. RDPA/BCCPAC

There have been several meetings, for the information discussed please see the RDPA website.
