FREQUENTLY ASKED QUESTIONS:

What is the International Baccalaureate Middle Years Programme at Hugh Boyd Secondary?
Hugh Boyd Secondary became an authorized IB World School in May, 2013. The IB MYP is an internationally recognized programme of learning and teaching. IB is defined by high academic standards, along with a focus on international mindedness. The MYP promotes developing the whole student through the learner profile, and is focused on rigorous and authentic assessment practices. While students follow the BC curriculum, the focus of the MYP is teaching and learning through inquiry, as well as the development of well-rounded global citizens. The goal is to promote deeper understanding and develop creative and critical thinking through conceptual understanding.

How many schools offer the IB MYP?
In Canada, there are 172 MYP programs offered in the private and public school system. In the province of British Columbia, only 9 public schools offer the Middle Years Programme.

How is the MYP assessment different?
The MYP uses criterion-referenced assessment, based on criteria provided by the IB. The IB provides clear and rigorous standards that are communicated to students and parents. MYP students will receive an IB MYP report card. IB reporting and levels are internationally recognized.

Is there special training for MYP teachers?
Teachers undergo specialized IB training. They continue to collaborate with other IB teachers during the school year to further their expertise and develop subject content in alignment with IB aims and objectives.
