Dear Parents,

We continue to strive for academic excellence and encourage our students to do their best. We know that partnerships between home and school are so important because students are more successful when we work together.

If your child is performing below expectations, we recommend that you book an appointment on our on-line appointment booking system. Following are step-by-step instructions to guide you thru the process:

- 1) The booking website is: [boyd.schoolappointments.com/](http://boyd.schoolappointments.com/)
- 2) Click on the “**Register**” tab (fill out all info on registration form) and then click ‘**Register Now**’  
**(all parent accounts are deleted from the system at the end of each school year; you will need to create a new account even if you had one last school year)**
- 3) Click ‘**Log-in**’, then click ‘**Add a Student**’
- 4) Type in your child’s name, click ‘**Insert New**’; repeat for each new student
- 5) To make appointments, click the ‘**blue calendar button**’ on the far right of student’s name
- 6) Select the teacher(s) you wish to book an appointment with. If you want to book multiple teachers, you can do this by holding the “Ctrl” key on a PC or the “Command” key on a Mac for each teacher you wish an appointment with; Example: If you want to see Aura, Chan & Farrall, hold the ‘Ctrl’ key or “Command” key and click on each teacher to highlight, then click ‘**View Calendars**’, it will show all the teachers selected
- 7) Select the **date & time** by clicking into the box beside the time (Note: if the time selected is not available, you will not be able to select it)
- 8) Once appointments are selected, click ‘**Book Appointment**’ at the bottom of the screen to **save**
- 9) You will now see all your appointment times. If not, click the ‘**Profile**’ tab and select ‘view appointments’ on the pull-down screen
- 10) To print a copy of your appointment times, click the “Print Appointment” button, look down to the very bottom of your screen, there you can save or open on a PDF file and print
