

Welcome to Boyd Secondary School and (SCO) School Cash Online!

SCO is the fee program used throughout Richmond School District to reduce the amount of cash and cheques for school related payments. SchoolCash Online is easy, safe and a convenient way to pay school fees. It is also another source of information for families, as you will receive notifications of events and opportunities (that are fee related) when they arise. Please take the time to set up an account and be certain to allow for notifications to your email account.
